ANNOUNCEMENT
FOR
PRICE-SENSITIVE INFORMATION

This announcement is made by the Company pursuant to Rule 13.09 of the Listing Rules.

Reference is made to the Previous Announcement. The Board wishes to announce that on 4 February 2010, CCT Tech USA and CCT Tech Global, as the Licensees, entered into the binding, definitive and confidential License Agreement with GE Trademark Licensing, Inc. On 4 February 2010, CCT Tech also entered into the Guarantee, pursuant to which CCT Tech will guarantee the obligations of CCT Tech USA and CCT Tech Global under the License Agreement in favor of GE Trademark Licensing, Inc.

The Board believes that the entering of the License Agreement represents a significant opportunity for the CCT Tech Group as well as the Group of which the CCT Tech Group forms a principal part to enhance their business, sales volume and corporate image.

This announcement is made by the Company pursuant to Rule 13.09 of the Listing Rules.

THE LICENSE AGREEMENT

Reference is made to the Previous Announcement, whereby it was disclosed that on 3 December 2009, CCT Tech entered into a non-binding Term Sheet with GE Trademark Licensing, Inc., pursuant to which CCT Tech and GE Trademark Licensing, Inc. would negotiate with each other in good faith with the goal of executing a binding and definitive Proposed License Agreement.

The Board wishes to announce that on 4 February 2010, CCT Tech USA and CCT Tech Global (both being indirect wholly-owned subsidiaries of CCT Tech), as the Licensees, entered into the binding, definitive and confidential License Agreement with GE Trademark Licensing, Inc., pursuant to which GE Trademark Licensing, Inc. has agreed to grant to CCT Tech USA and CCT Tech Global (i) an exclusive license and right to use the GE Brand on certain telecommunication products including corded and cordless phones, dual mode handsets combining cellular technology such as GSM plus home/office technology such as DECT when sold as a principal component of a home/office stationary system, and multi-media communication technology products, for sale and distribution by the Licensees worldwide; (ii) a non-exclusive license to use the GE Brand on accessories sold for use with such telecommunication products, for sale and distribution by the Licensees worldwide; and (iii) a non-exclusive license and right to use the GE Brand on mobile cellular phones, for sale and distribution by the Licensees in China only.

THE GUARANTEE

On 4 February 2010, CCT Tech also entered into the Guarantee, pursuant to which CCT Tech will guarantee the obligations of CCT Tech USA and CCT Tech Global under the License Agreement in favor of GE Trademark Licensing, Inc.

REASONS AND BENEFITS FOR ENTERING INTO THE LICENSE AGREEMENT

The GE Brand is a worldwide renowned brand and is internationally recognised. The Board believes that the entering of the License Agreement represents a significant opportunity for the CCT Tech Group as well as the Group of which the CCT Tech Group forms a principal part to enhance their business, sales volume and corporate image. Potential benefits which this may bring to the CCT Tech Group and the Group include the following:

1. The revenue of the CCT Tech Group has been adversely affected by the exit of the previous largest customer from its retail telephony activities in North America. The license of the GE Brand under the License Agreement will enable the CCT Tech Group to re-enter the US market. The CCT Tech Group will strive to improve sales as it regains market share in the US which was the CCT Tech Group's largest market before.

2. At present, the CCT Tech Group is principally engaged in the manufacturing and supply of telecom and electronic products on the ODM basis for international distributors and fixed line telephone operators. The License Agreement will enable the CCT Tech Group to enter into the branded distribution business and hence reduce its reliance on its ODM business.

3. The license by the CCT Tech Group of such strong and well-known GE Brand will enable CCT Tech and its products to gain international recognition to the benefit of the CCT Tech Group's corporate image.

The benefits that the CCT Tech Group will derive from the License Agreement will also create significant benefits to the Group as the CCT Tech Group is a significant part of the Group.
